

Rock n Roll Baby

**All you rock n roll babies
Hangin on your daddy's arm
Swingin with your mama
Singin while I'm
Tryin to play my guitar
You're movin up
Just enough to take your place**

**Hey,hey Don't you get too old to play
Rock n roll baby**

**Bopin to the beat of a bass drum
holdin up your little hands
Whirlin like a dervish
Kind of make me nervous
Cool kid gonna blow my amp
You're getting down
Get down all the way**

**Hey, hey don't you get too old to play
Rock n roll baby baby baby**

**Hey hey Yeah yeah Rock n roll baby
Hey yeah Hey hey Rock n roll baby**

**Oh my little baby Yeah my little baby
Ah my little baby Yeah my little baby
Ooh my little baby Oh my little baby
Oh my little baby Oh my little baby Yeah**

**Oh yeah Hey hey Don't you get too old to play
Rock n Roll Baby baby baby baby
Hey hey Don't you get too old to play
Rock n Roll baby
Oh my little baby
Yeah my little Baby
Oh my little yeah my little oh my little baby
Oh my little baby
Yeah my little baby ooh yeah**
