

My Baby (Likes to Do It)

**My baby loves me the best
My baby loves me the best
My baby loves me the best
Up all night and gets undressed**

**My baby loves me so fine
My baby loves me so fine
My baby loves me so fine
Just gets better like fine wine**

**My baby's hot don't ya know
My baby's hot don't ya know
My baby's hot don't ya know
Up all night and go toe to toe**

**My baby loves me so much
My baby loves me so much
My baby loves me so much
Up all night, up all night, up all night and just
Do it**

**Cowgirl on top
Do the horizontal bop
It only takes two, yeah**

To do the whole Karma Sutra

**My baby yeah she does it good
My baby oh she does it good
My baby yeah she does it good
My baby woo she does it good**

**My baby loves me the best
My baby loves me the best
My baby loves me the best
Stays up all night and gets undressed**

**My baby's hot don't ya know
My baby's hot don't ya know
My baby's hot don't ya know
Up all night and go toe to toe**

**My baby loves me so much
My baby loves me so much
My baby loves me so much
Up all night, up all night, up all night and just
Do it**

**Cowgirl on top
Do the horizontal bop
It only takes two, yeah**

To do the whole Karma Sutra

My baby yeah she does it good

My baby oh she does it good

My baby yeah she does it good

My baby ooh she does it good

Oooh yeah
