

## **Renrose Avenue**

**We watched the world go by on Renrose Avenue  
We sat beneath the skies on sunny afternoons  
And when the rain came down  
We had to hide inside  
I remember falling down  
We laughed until we cried  
And we danced  
Oh we danced  
Well we danced**

**We were much younger when we were starting out  
Then we were so content just watching clouds  
And when the days grew short  
We made all of our plans  
The world was at our feet  
And so we danced  
Oh we danced  
Yeah we danced  
Well we danced**

**I was gonna be a rock n roll star  
And you were gonna be queen of the stage**

**We watched the clouds go by on Renrose Avenue**

**We sat beneath the skies on sunny afternoons  
And when the tears came down  
We had to hide inside  
At Renrose Avenue we never had to cry  
And we danced  
Well we danced**

**I was gonna be a rock n roll star  
And you were gonna be queen of the stage**
