

Wake Up (There's a Party Tonight)

**There's a party tonight
I heard it from your girlfriend
Tonight's the night, it's never gonna end
Wake up, wake up, wake up
And straighten your face
Come on, come on Don't wanna be late**

CHORUS

**Wake up, there's a party tonight
Wake up, there's a party tonight
Wake up, there's a party tonight, ah yeah**

**There's a birthday tonight
I heard it through the grapevine
Everybody bring a bottle
Gonna rock until the sunshine
Wake up, wake up, wake up
And straighten your face
Come on, come on Don't wanna be late**

CHORUS

Yeah, yeah, yeah

**It's all goin down
Everybody's gonna be there
Hold on tight cause we're all goin upstairs
Wake up, wake up, wake up
And straighten your face
Come on, come on Don't wanna be late**

Chorus

**Wake up, there's a party tonight
Wake up, there's a party tonight
Drink up, there's a party tonight, ah yeah
Wake up!**
